0 **Supplementary Services - PWE 518**

No DSC employees should be entered in this WLA. PWE 518 is for funding DSC-contracted A/E costs for "supplemental services" as defined by AIA, which are special activities in support of a design/construction project, such as archeological investigations, historic structures reports, contract VAs, etc. Note that topo mapping and geotech surveys are considered standard services and therefore should be funded out of DSC base (PWE 516). *(Note: We need to revsit this and make sure we all do this the same way. In FY 99 it appears we were doing this differently on different projects. If we all use PWE 518 funds to do these surveys it will free up a lot of base money for something else, but it will also place a greater demand on a this source of funds and exacerbate the 2% limit on the supplemental services activity.)*

- .54 Special Studies consisting of investigation, research and analysis of special requirements for the Project and documentation of findings, conclusions and recommendations for:
- .01 Master planning to provide design services relative to future facilities, systems and equipment which are not intended to be constructed as part of the Project during the Construction Phase
 - .02 Providing special studies for the project such as analyzing acoustical or lighting requirements, record retention, communications and security systems.

- .55 Non-NPS Tenant-Related Services consisting of design and documentation services for tenants or potential tenants relating to:
- .01 Space planning, partition and furnishings locations, and furniture and equipment layouts
 - .02 Material and color selections and coordination
 - .03 Preliminary estimate of Construction Cost.

- .56 Non-NPS Tenant Special Furnishings Design services relating to Architect-designed special furnishings and/or equipment incorporated into or provided for the Project and consisting of:
- .01 Design and documentation
 - .02 Specifications or standards

- .57 Non-NPS Tenant Furniture, Furnishings and Equipment Services relating to equipment and furnishings not incorporated into the construction of the Project and consisting of:
- .01 Establishment of needs and criteria
 - .02 Preparation of requirements, Specifications and bidding or purchasing procedures

.58 Special Disciplines Consultation, which entails retaining, directing and coordi-nating the work of special disciplines consultants identified from the following list and as more specifically described in Article 1.6, whose specialized training, experience and knowledge relative to specific elements and features of the Project are required for the Project:

- .01 Acoustics .14 Elevators/Escalators .27 Public Relations
- .02 Audio-Visual .15 Constructability .28
- .03 CPM Scheduling .16 Financial .29 Real Estate
- .04 Code Interpretation.17 Fire Protection .30 Reprographics
- .05 Communications .18 Food Service .31 Safety
- .06 Computer Technology.19 .32
- .07 Concrete .20 Historic Preservation .33 Soils/Foundations
- .08 Cost Estimating .21 Legal .34 Space Planning
- .09 Roofing .22 Life Safety .35 Specifications
- .10 Display .23 Lightning .36 Traffic/Parking
- .11 Ecology .24 Management .37 Transportation
- .12 Accessibility .25 Materials Handling .38 Security
- .13 Sustainability .26 .39

.59 Special Building Type Consultation, which entails retaining, directing and coordinating the work of special building type consultants whose specialized training, experience and knowledge relative to the requirements, planning and design of the Project are required for the Project (such as Food Service/Consession).

- .60 Fine Arts and Crafts services relating to acquisition of fine arts or crafts to be a part of the Project and consisting of (HSF Services, Exhibit or A/V design):
- .01 Consultations on selection, commissioning and/or execution
 - .02 Design integration

.61 Graphic Design services consisting of
